THE ZMC WAY

Welcome to the exciting and fast-paced world of ZMC Canada, a leading manufacturer of recreational and small engine vehicles. Whether you're an experienced powersport dealer or interested in getting started in the industry, ZMC has the solutions and services for you. Backed by our innovative dealer support system, streamlined distribution network and our relentless focus on continual product development, you can depend on ZMC to increase your customer base and profits. Read below to see what sets us apart!

Full Product Lineup

From our 49cc pull-starts to our brand new 500cc super heavy-duty, we've got a complete lineup of ATV's appealing to recreational and non-recreational users alike. Scheduled for release September 1st, our newest lineup of high performance dirt bikes are positioned to sell! Our busy development team works hard to continuously create new models & improve models which are already in production

Manufacturing Excellence

At our internally-operated and licensed manufacturer, our standardized assembly processes and extensive part testing separate ZMC from the competition. With operational bases in North America and Asia, and both research & development and quality control facilities on site, you can trust ZMC to help you establish a dependable reputation with your customers.

Complete Parts Availability

We are committed to having complete parts availability for ALL our machines, always. Through Zoomscope™, our state-of-the-art inventory and parts tracking system, you'll know exactly what's in stock and when it can be delivered, all with the click of a button!

Full Dealer Support

Whether you're a dealer, a service hub, or both, we will funnel the appropriate service requests, interested customers and pre-sales from within your target area to you! In becoming an official ZMC representative, your company information and location will be added to the Dealer and Service Locator on our website. In addition, new and ongoing dealers receive our latest compliments of indoor/outdoor signs, banners, brochures, marketing material and other promotional products. Use our online vehicle and parts database to place orders, track shipments and stay current with access to exclusive dealer information and updates.

Shipping and Distribution Network

All ZMC machines are securely shipped in our own custom packaging. No flimsy boxes, no damaged parts. Thick walled cardboard and styrofoam boxing reinforced with folded steel frames make for a solid and dependable delivery to you and your customers. We ship thousands of orders monthly and are proud partners with FedEx, UPS and Vitran, guaranteeing unbeatable value and the most care for your shipments.

BECOMING A NEW DEALER

Getting set up with ZMC has never been easier! We're looking to rapidly expand our dealer network this fall so we've dropped our introductory dealer pricing until October 31st. To check for territory availability, to place your first order, or to request additional information give us a call, send us an email, or fax us your order form. Lock-in your territory and pricing today, and find out why ZMC Canada is the fastest growing powersport distributor in Canada!
